

OFF TO A GREAT START

A HERMÈS ART OF LIVING

For its hotels offer, Hermès Parfum has selected three of its emblematic lines, reflecting the house's multi-faceted art of living. An invitation to travel, to share and to discover sensations through fresh and sparkling scents.

Eau d'Orange Verte, the original Hermès Cologne, distinguished by its singular freshness,

Eau de Citron Noir, a contemporary Cologne, an explosive and elegant chiaroscuro composition,

Un Jardin sur Le Nil, a generous and sparkling Eau de Toilette, a green and refreshing stroll.

A BATHROOM ESSENTIAL

The hotels collection can consist of six to eight products depending on the olfaction:

As part of its development policy, Hermès Parfum has developed its offer for hotels.
